

Internet Advancement 2.0 is available in my.Scouting, under the Menu -> Legacy Web Tools -> Internet Advancement 2.0. You do not access the new system through your unit.

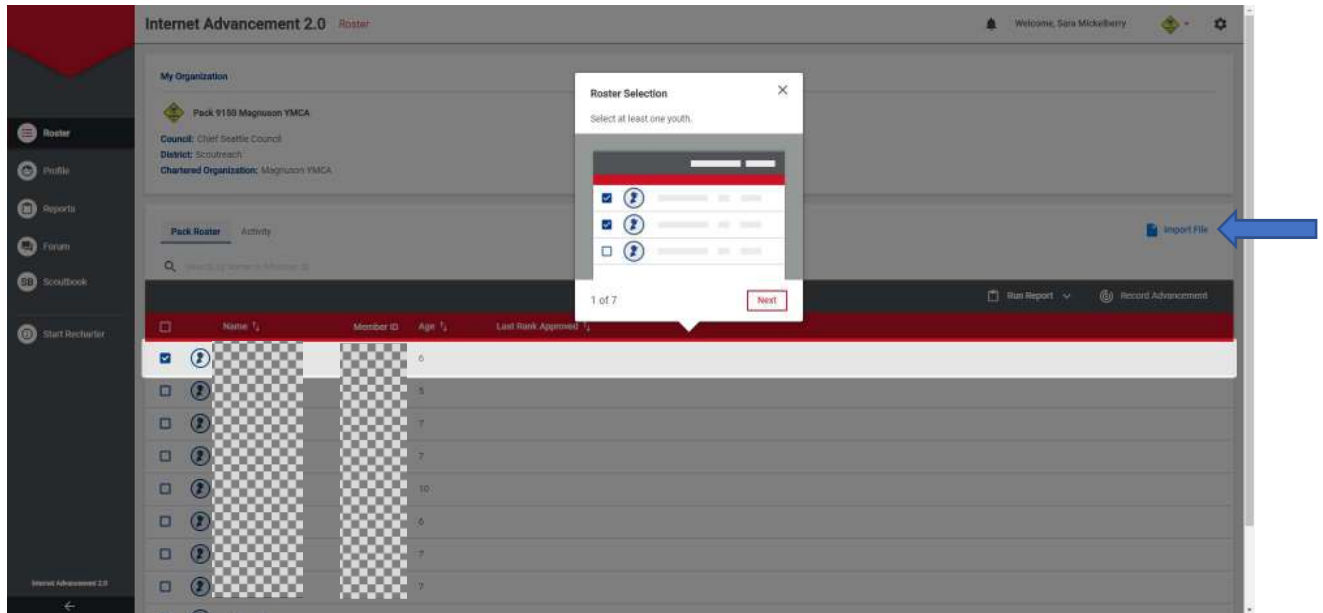

The first time you access Internet Advancement 2.0, you will get a tour of the application. You will be able to review it later, if desired.

To record advancement, select who earned it. If multiple Scouts earned the same advancement at the same time (the den completing an Adventure together, or a group of Scouts completing a merit badge), you may select the whole group.

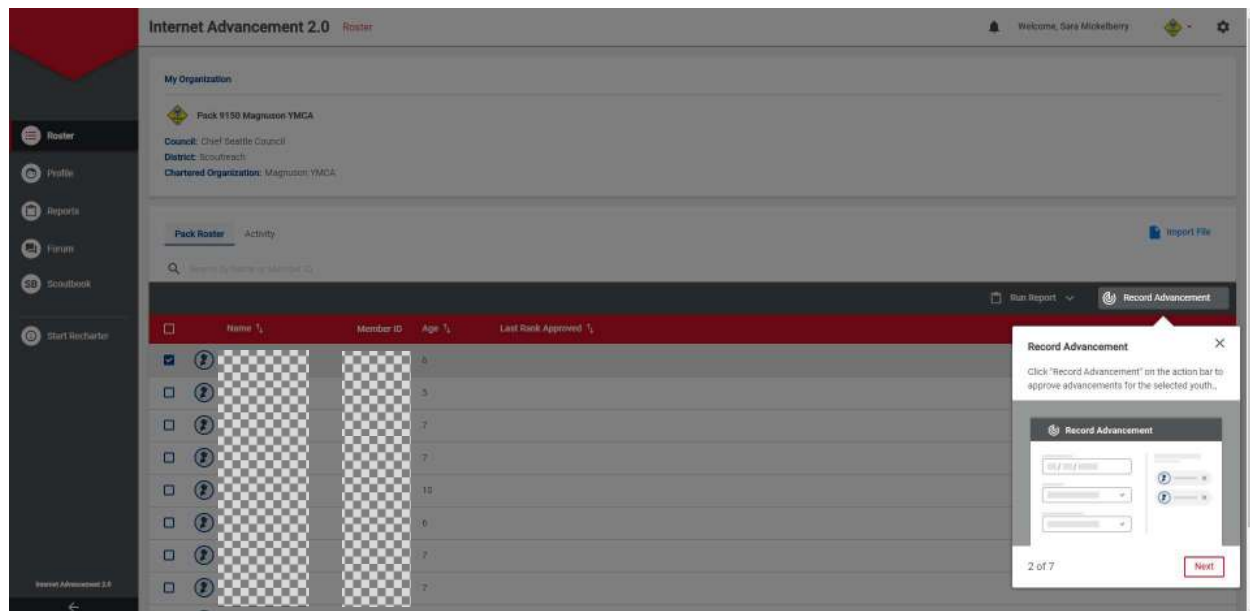

There is also the option to upload a file from your advancement tracking system.

If you have a large unit, you can change the display option in the lower right to show more youth per page (10 is the default, and 100 is the maximum).

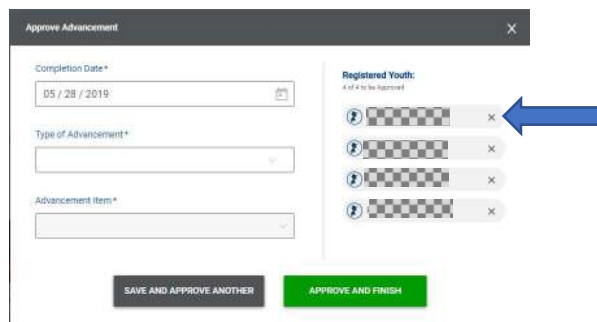

Once you have selected your list of youth, select Record Advancement.

To record the advancement, select the type type (Cub Scout Adventures, Scouts BSA Merit Badges, ranks, or other awards), and the specific advancement (Wolf – Council Fire, Citizenship in the Community, Bear rank, Religious Award – Youth).

You can record multiple advancements for a selected group. If a youth received some, but not all, of the awards (or was selected in error), you can remove them from the list during the process.

You can switch units at will, but you may only run reports for the unit you are currently viewing. The interface is the same for all units and types.

The screenshot shows the 'Internet Advancement 2.0 Roster' interface. On the left is a sidebar with navigation links: Roster, Profile, Reports, Forum, Scoutbook, and Start Recharter. The main content area displays 'My Organization' for Pack 9150 Magnuson YMCA, including Council (Chief Seattle Council), District (Scoutreach), and Chartered Organization (Magnuson YMCA). Below this is the 'Pack Roster' tab with a search bar and a table of members. A 'Switch between Units' overlay is visible in the top right, showing a list of units and a 'LOG OUT' button. The table has columns for Name, Member ID, Age, and Last Rank Approved.

Name	Member ID	Age	Last Rank Approved
		6	
		5	
		7	
		7	
		10	
		6	
		7	
		7	

This screenshot shows a list of units for selection. Each entry includes a unit icon, the unit name, pack number, and the user's position. At the bottom is a 'Run Report' button.

- Cub Scout Pack 9150 Position: Cubmaster
- Cub Scout Pack 9145 Position: Cubmaster
- Cub Scout Pack 9140 Position: Cubmaster
- Cub Scout Pack 9147 Position: Cubmaster
- Cub Scout Pack 9168 Position: Cubmaster
- Cub Scout Pack 9146 Position: Cubmaster

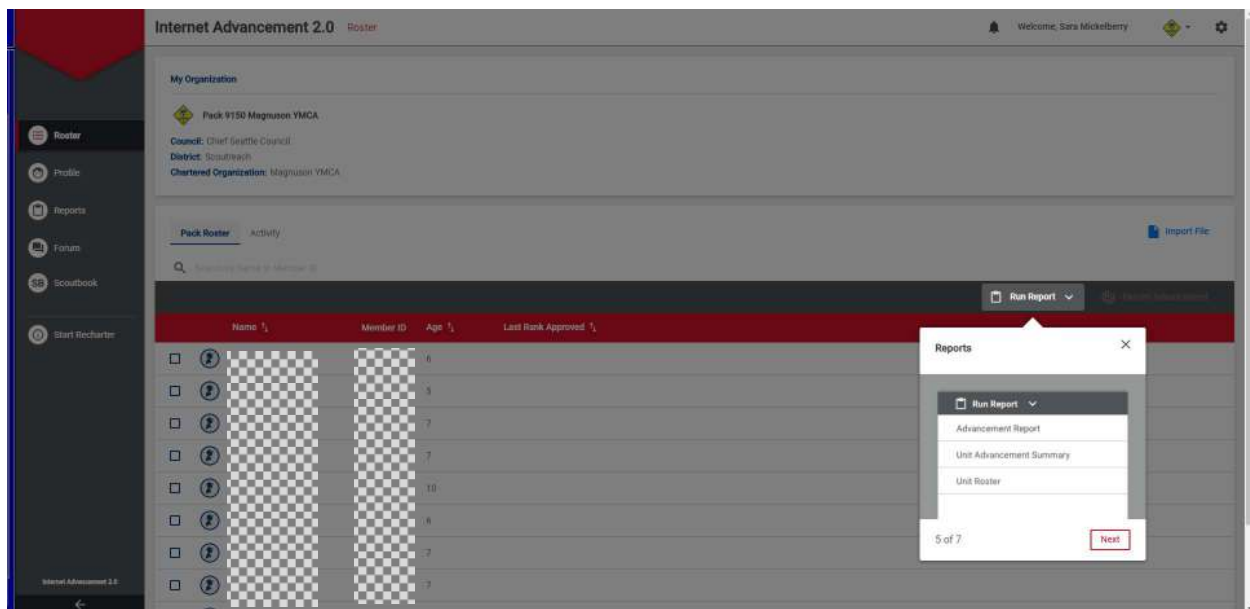

This screenshot shows the 'Internet Advancement 2.0 Roster' interface with a 'Roster and Activity Tabs' overlay. The overlay has two tabs: 'Roster' and 'Activity'. The 'Activity' tab is selected, showing a search bar and a list of activities. The background shows the same unit information and member table as the first screenshot. The table has columns for Name, Member ID, Age, and Last Rank Approved.

Name	Member ID	Age	Last Rank Approved
		5	
		7	
		7	
		10	
		6	
		7	
		7	

Wrong completion date? The unit can now update them! Select Edit, and provide the new completion date.

Once you have approved all of your advancement, run the advancement report. Note: you may need to wait 24 hours for the report to generate properly (it is an issue if you run the report immediately).

The report will list how many awards need to be awarded. Advancement History gives all advancement in the specified period.

By default, estimated prices will be displayed for the advancement, and the total cost.

There is a link to Internet Recharter. This may be updated to a new charter renewal system in the future – we will put out an announcement when we know more.
